Hi Mr. McCulloch,

Conservation Easement

Attached are two copies of the conservation easement, the "redlined" simply shows the changes that have been made to the document which you had originally agreed to and initialed, the "final for TB" just accepts the redlined changes and is what will be presented to the Town Board on Monday to set the public hearing. (The only substantive changes made since I sent it to you Wednesday are a correction to Exhibit references and the addition of the reference to the Town Code that we discussed yesterday.)

The conservation easement will have THREE exhibits, (1) the subdivision map which shows the easement area; (2) the metes and bounds description of the easement area; and (3) the existing conditions. I understand that you will be getting me the metes and bounds description as soon as you have it from Mr. Dalbo.

PLEASE CONFIRM THAT YOU ARE OKAY WITH THE CONSERVATION EASEMENT AGREEMENT ATTACHED, SO WE CAN PRESENT TO TOWN BOARD ON MONDAY (you do not need to be there) AND SET THE PUBLIC HEARING DATE.

Plantings

Lauren Kingman advises me he sent you a letter containing the proposal yesterday so you should have it to review next week. Once you have had a chance to review it, you can discuss it with me or him.

Title Insurance Sample/Informaiton

I am still working from home today. I will get you this information when I get back to office next week.

Have a good weekend, and I wish you well with your surgery & a speedy recovery.

Janis
